SEED CHECK-IN
ONLY ONE VARIETY PER SHEET PLEASE!!

Your name: ____________________________________
SLOLA Member #:_______________________________
Where this seed was Grown: _______________________
Variety NAME: __________________________________
Variety #: ______________________________________
Genus/species __________________________________

Rate the variety below by these different criteria (you can use this chart as a continuum):

<table>
<thead>
<tr>
<th></th>
<th>1=Poor</th>
<th>2=Fair/average</th>
<th>3=excellent</th>
</tr>
</thead>
<tbody>
<tr>
<td>Germination</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>General growth/health (growth, vigor, pest &amp; disease resistance)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Yield (amount &amp; quality of fruit or edible part)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Edibility/Culinary quality (did it taste good?)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Seed set (did you get a lot of seeds?)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Would you grow this variety again?</strong></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Notes on growing this variety: ____________________________________________
___________________________________________________________________________
___________________________________________________________________________

How did you ensure no cross pollination? ____________________________________________
___________________________________________________________________________
___________________________________________________________________________

Is there any reason your seeds should NOT be pooled with other seeds of this same variety? (I.E. did you do a particularly good job or bad job saving your seed...)
___________________________________________________________________________

Rate yourself as a seed saver (circle one):
1 – Beginner
2 – I have a clue
3 – Done it for the last ___ years!
